SYSTEMS

Integrated Systems for Chemical Storage & Processing

And Skidded Equipment
Solutions

- **Modular Designs**
- **Low Cost High Efficiency**
- **Life Cycle Support**
- **Experienced Engineering Team**
- **On time On budget Delivery**

Engineering Excellence Delivered
Through Integrated Solutions.

CUSTOM ENGINEERED SOLUTIONS

EQUIPMENT SUPPLY & INSTALL

AFTERMARKET SUPPORT

Our Major Services:

- Custom Engineered Solutions
- Designed for Demanding Industries
- Modular Approach for Efficient Design
- Engineering Team with 40+ Years in Combined Experience
- On Site Support For Installation and Troubleshooting
- System Audits to Identify Safety, Operational and Maintenance Issues
- Operator Training for Efficient Operation
- Life Cycle Support
- Supply of Parts and Consumables
- Installation and Installation Supervision for Supplied Parts.
- Retrofits and Plant Upgrades
- Control System Optimization

SPECIALIZING IN HANDLING

- Lime and Lime Slaking
- Magnesium Oxide
- Recycle and Fly Ash
- Coagulants
- Salt/Brine
- Calcium Carbonate
- Soda Ash
- PVC Powder
- Carbon
- Polymers
